Kata Pengantar

Buku kecil ini menyajikan sekilas profil Departemen agribisnis, Fakultas Ekonomi dan manajemen, Institut Pertanian Bogor. Profil ini menjelaskan beberapa aspek penting dalam pengembangan departemen agribisnis seperti sejarah, mandat, visi-misi dan pernyataan tujuan, struktur organisasi, sistem jaminan mutu, program pendidikan, penelitian dan program pengabdian, kegiatan mahasiswa, daftar jaringan dan kerjasama, jurnal dan Forum Agribisnis, unit usaha akademik, serta alumni. Seluruh aspek ini merupakan implementasi dari 'tiga peran universitas' yang disebut "Tri Dharma Perguruan Tinggi", yaitu pendidikan, penelitian, dan pengabdian kepada masyarakat.

Departemen Agribisnis didirikan untuk menjawab kepentingan publik dalam pendidikan tinggi bidang agribisnis di Indonesia. Karena meningkatnya minat masyarakat, jumlah siswa yang mendaftar ke Departemen ini selalu meningkat dalam 5 tahun terakhir. Hal ini mengakibatkan Departemen Agribisnis termasuk kedalam 5 Departemen yang paling diminati di Institut Pertanian Bogor. Kondisi ini menunjukkan bahwa Departemen Agribisnis menjadi program pendidikan tinggi yang sangat prospektif di masa depan. Namun, fakta ini menjadi tantangan untuk dapat meningkatkan kualitas Departemen Agribisnis. Beberapa tantangan yang harus dihadapi adalah kebutuhan untuk mengembangkan reputasi, pengembangan dalam program sarjana dan pascasarjana, riset dan publikasi, peningkatan kualitas sumber daya manusia, pengembangan dalam metode mengajar dan kurikulum, serta mekanisme pengembangan sistem pendidikan yang sesuai dengan standar nasional dan internasional.

Sejak tahun 2005 Departemen Agribisnis telah menawarkan program mayor-minor untuk sarjana, master sains dalam bidang agribisnis yang memiliki program khusus seperti fast track, double degree, dan joint degree dengan Universitas Göttingen. Program ini akan diperluas ke universitas lain di Eropa dan Asia. Departemen Agribisnis sebagai departemen yang baru didirikan (sejak 2005) akan selalu berkembang untuk memenuhi kebutuhan sektor agribisnis, sehingga profil inilah yang disajikan didalam dalam buku kecil ini.

Bogor, Oktober 2013

Dr. Ir. Nunung Kusnadi, MS
Ketua Departemen

Foreword

This booklet presents a brief profile of Department of Agribusiness, Faculty of Economics and Management, Bogor Agricultural University. This profile explains some important aspects in Department of Agribusiness development such as history, mandate, vision-mission and purpose statements, organizational structure, quality assurance system, educational programs, research and services program, students activities, collaboration and network list, journal and agribusiness forum, academic business unit, and alumni. All of these aspects are the implementation of 'the three roles of university' which is called "Tri Dharma Perguruan Tinggi", namely education, research, and community service.

Department of Agribusiness is established to fulfilled the need of agribusiness higher education in Indonesia. Because of increasing in public interest, the number of students who apply to this department in the last 5 years is always increasing. This makes Department of Agribusiness becomes one of five favorite department in Bogor Agricultural University. This condition indicates that Department of Agribusiness becomes very prospective higher education program in the future. However, this fact brings some challenges to improve Department of Agribusiness. Some challenges which have to be faced are the needs to develop reputation, development in undergraduate and graduate program, research and publication, human resources quality improvement, development in teaching method and curriculum, and mechanism of education system development which accomplish national and international standard.

Since 2005 Department of Agribusiness has already offered major-minor program for undergraduate, Master Science in Agribusiness which has special program such as fast track, double degree, and joint degree with Göttingen University. These programs will be expanded to other European and Asian Universities. Department of Agribusiness as a newly established department (since 2005) will always improve to meet the needs of agribusiness sector, and so this profile presented in this booklet.

Bogor, October 2013

Dr. Ir. Nunung Kusnadi, MS
Head of Department

Pendahuluan

IPB sebagai lembaga pendidikan tinggi memahami pentingnya menciptakan sumberdaya manusia yang berkualitas untuk mengembangkan kinerja agribisnis di Indonesia. Pengembangan bisnis yang kompetitif dan dinamis menunjukkan kebutuhan manajer profesional, pengusaha dan pembuat keputusan publik yang bisa mengadopsi berbagai kemajuan teknologi untuk meningkatkan kinerja agribisnis.

Kehadiran Departemen agribisnis sebagai departemen yang menyediakan pendidikan agribisnis, baik dari segi bisnis (perusahaan) atau sistem (integrasi antara berbagai sub sektor) akan menjadi jawabannya.

Pendekatan yang digunakan adalah pendekatan sekolah bisnis yang menekankan pemahaman tentang proses bisnis dan para stakeholder. Cakupan pemangku kepentingan agribisnis di Indonesia sangatlah luas, mulai dari petani sampai perusahaan multinasional, sehingga kombinasi dari pemahaman tentang berbagai aspek teknologi, sosial, ekonomi dan manajemen serta kewirausahaan menjadi suatu keharusan.

Introduction

IPB as an institution of higher education understand the urgency of creating qualified human resources to improve the performance of agribusiness in Indonesia. The development of a dynamic and competitive business indicate the needs of professional Managers, Entrepreneurs and Public Decision Maker who could adopt various advance technology to improve the agribusiness performance.

The presence of Department of Agribusiness as a department that provides agribusiness education, both in terms of a business (firm) or a system (integration between various sub-sectors) would be the answer. The approach being used in the educational system is business school approach which emphasizes on the understanding of the process business and the stakeholders. The agribusiness stakeholders in Indonesia are wide spectrum, ranging from peasant farmers to multinational companies, so the combination of understanding the various aspects of technological, social, economic and management as well as entrepreneurship becomes a necessity.

Sejarah

Pada mulanya Departemen Ilmu-Ilmu Sosial Ekonomi Pertanian, Fakultas Pertanian IPB bersambut dengan penataan program studi (SK Mendikbud RI No. 0311/U/1994), adanya program studi sarjana (1) Manajemen Agribisnis, (2) Ekonomi Pertanian Sumberdaya dan (3) Program Studi Sarjana Komunikasi dan Pemberdayaan Masyarakat serta dikembangkan (4) Program Ekstensi Manajemen Agribisnis (2000). Untuk program diploma diselenggarakan : (1) Program Diploma III Manajemen Agribisnis (MAB) tahun 1998 dan (2) Program Diploma III Bisnis dan Koperasi (MBK) tahun 2003, sebagai perubahan dari program studi (D3) Manajer Koperasi yang sudah ada jauh sebelumnya. Selain itu diselenggarakannya program studi pascasarjana untuk program magister dan doktor, meliputi program pascasarjana : (1) Ilmu Ekonomi Pertanian, (2) Sosiologi Pedesaan, dan (3) Ilmu Perencanaan Pembangunan Wilayah dan Daerah. Departemen ini juga mengembangkan program pascasarjana profesional, yaitu : (1) Magister Pembangunan Daerah dan (2) Magister Pemberdayaan Masyarakat. Bagian Agribisnis merupakan komponen sumberdaya akademik tak terpisahkan di lingkungan Departemen Ilmu-ilmu Sosial Ekonomi Pertanian, Fakultas Pertanian IPB dan kontribusi pada penyelenggaraan akademik (Tridharma Perguruan Tinggi) bidang agribisnis.

Pemikiran pembentukan Departemen Agribisnis dilakukan dengan memanfaatkan momentum penataan departemen-departemen di IPB. Selama ini Bagian Agribisnis telah mengambil sikap untuk berkonsentrasi mendukung pemikiran bagi (1) pembentukan satu departemen berbasis sosial-ekonomi pertanian (dalam arti luas) yang memadukan sumberdaya sekaligus potensi pasar pendidikan berbasis sosial ekonomi; dan (2) pembentukan fakultas berbasis sosial ekonomi (ide Fasosek), hingga pembentukan Fakultas Ekonomi dan Manajemen (FEM) tahun 2001 (SK Rektor IPB No. 059/K13.12.1/OT/2001).

Respon terhadap sikap Bagian Agribisnis yang berpikir mengenai kepentingan IPB secara keseluruhan, dalam pembahasan di tingkat adhoc IPB, senat IPB dan keputusan Rektor IPB ditetapkan Departemen Agribisnis sebagai salah satu departemen pengampu program di IPB (SK Rektor IPB No. 001/K13/PP/2005), dengan mandat **“pengembangan ilmu dan wawasan bisnis bidang pertanian, perikanan, peternakan dan kehutanan melalui pendekatan sistem dan kewirausahaan”**, dan berkoordinasi pada Fakultas Ekonomi dan Manajemen IPB (SK Rektor IPB No. 112/K13/OT/2005 tanggal 2 Agustus 2005).

Tanggungjawab mandat keilmuan didasari suatu kesadaran sepenuhnya akan pentingnya pendidikan agribisnis di Indonesia (dan juga di dunia), yakni **pendidikan bisnis yang bersifat multidisiplin dengan memadukan ilmu-ilmu sosial, ekonomi, dan manajemen, didukung oleh teori sistem dan terapan teknologi dan materi sumberdaya hayati (pertanian, perikanan, peternakan dan kehutanan) yang mencirikan kompetensi lulusannya.**

History

Initially, Department of Agricultural Socio-Economics Sciences, Faculty of Agriculture, IPB intercepted by the arrangement of subjects of study (SK Mendikbud RI No. 0311/U/1994), the programs of study for graduate: (1) Agribusiness Management, (2) Resource and Agricultural Economics (3) Communication and Community Empowerment, and (4) Extension Program Agribusiness Management (2000). For diploma conducted: (1) Diploma III Management of Agribusiness (MAB) in 1998 and (2) Diploma III Business and Cooperatives (MBK) 2003, as a change of course of study (D3) Cooperative Managers that existed years ago.

Moreover, programs of graduate study for masters program and doctoral, include: (1) Agricultural Economics, (2) Rural Sociology, and (3) Science of Regional and Local Development Planning. The department is also developing professional graduate programs: (1) Master of Regional Development and (2) Master of Community Empowerment. Agribusiness is a component of academic resources integrated in the Department of Agricultural Socio-Economics Sciences, Faculty of Agriculture, IPB, and contribute to the implementation of agribusiness academic (Tridharma).

The establishment of the Department of Agribusiness is prepared by using the momentum of the departments arrangement in IPB. The Division of Agribusiness has taken a viewpoint to concentrate on supporting the thought for (1) the establishment of a agricultural socioeconomic-based department (in the broad sense) which combines the resources as well as potential market socioeconomic-based education, and (2) the formation of socioeconomic-based faculty (the idea of Faculty of Socioeconomic), until the establishment of the Faculty of Economics and Management (FEM) in 2001 (SK Rektor IPB No. 059/K13.12.1/OT/2001).

The response of The Division of Agribusiness consideration about the benefit of IPB in a whole, in the discussion at the level of ad hoc IPB, IPB Senate and the decree of IPB's Rector, the Department of Agribusiness is appointed as one of the supporting departments for program in IPB (SK Rektor IPB No. 001/K13/PP/2005), with the mandate **“Development of business sciences and knowledge in agriculture, fisheries, animal husbandry and forestry through system and entrepreneurship approaches”**, and coordinate to the Faculty of Economics and Management, IPB (SK Rektor IPB No. 112/K13/OT/2005 dated August 2, 2005).

The responsibility of scientific mandate is based on a fully conscious of the importance of the agribusiness education in Indonesia (and also in the world), which is **the nature of multidisciplinary business education by integrating the social sciences, economics, and management, supported by system theoretical and applied technologies and materials of biological resources (agriculture, fisheries, livestock and forestry) that characterizes the competence of its graduates.**

The course that become trademark of Agribusiness Major besides Entrepreneurship and Business Basics is Internship (Gladikarya), which aims to strengthen practical understanding of agribusiness commodity system refers to the philosophy of competency-based education are: **to know, to do, to be, and to live together**.

Program Pendidikan

MAGISTER SAINS AGRIBISNIS (MSA)

TERAKREDITASI "A"

VISI

Menjadi program studi pascasarjana terkemuka dalam bidang agribisnis tropika yang berwawasan holistik-kesisteman dan berorientasi pada pembangunan ekonomi berkelanjutan bagi peningkatan kesejahteraan masyarakat.

MISI

1. Menyelenggarakan pendidikan pascasarjana untuk menghasilkan lulusan magister yang menguasai IPTEKS bidang ekonomi-bisnis, kewirausahaan, berwawasan holistik-kesisteman yang mampu mengembangkan sektor usaha dan sistem agribisnis tropika yang berdayasaing dan berkelanjutan melalui proses pendidikan yang bermutu.
2. Menyelenggarakan dan memelopori kegiatan riset bagi pengembangan ilmu, teknologi dan seni bidang ekonomi-bisnis, kewirausahaan dan wawasan kesisteman melalui prakarsa penelitian berkelanjutan.
3. Memfasilitasi prakarsa kegiatan pengembangan usaha dan sistem agribisnis Indonesia melalui kegiatan pengabdian kepada masyarakat.

TUJUAN

1. Menghasilkan sumberdaya manusia berkualifikasi magister agribisnis yang mempunyai kemampuan mengembangkan dan memutakhirkan IPTEKS bidang ekonomi-manajerial bisnis, kewirausahaan, yang berwawasan kesisteman untuk pengembangan sektor usaha dan sistem agribisnis yang berdayasaing dan berkelanjutan.
2. Membentuk kemampuan analisis sintesis lulusan dalam IPTEKS agribisnis bagi pemecahan permasalahan dan merumuskan kebijakan pengembangan agribisnis yang berdayasaing dan berkelanjutan berdasarkan kaidah ilmiah.
3. Mempraktisai pengembangan jaringan kerjasama pendidikan, riset dan pemanfaatan IPTEKS agribisnis untuk pengembangan profesional agribisnis yang ditunjukkan dengan ketajaman analisis permasalahan, keserbacakupan tinjauan, dan kepaduan pemecahan masalah.

KOMPETENSI LULUSAN

Kompetensi Utama

Memiliki kemampuan menganalisis dan menyintesis ilmu dan keterampilan pengambilan keputusan berbasis ilmu pengetahuan (knowledge based decision) bagi pengembangan agribisnis tropika yang berkelanjutan.

Kompetensi Penunjang

Memiliki kemampuan menggunakan metode kuantitatif dan kualitatif dalam menunjang pencapaian kompetensi utama.

Kompetensi Lainnya

Memiliki integritas keilmuan dalam menunjang pencapaian kompetensi utama.

Educational Program

MASTER OF SCIENCE AGRIBUSINESS PROGRAM (MSA)

ACCREDITED "A"

VISION

Become a leading postgraduate study programs in tropical agribusiness field which has systematical-holistic knowledge and sustainable economic development oriented to improve community welfare.

MISSION

1. Organizing postgraduate education to produce graduates mastering science and technology on business-economics, entrepreneurship field, which has systematical-holistic knowledge and able to develop competitive and sustainable tropical agribusiness system and business sector through high quality educational process.
2. Organizing and pioneering research activities to develop science, technology and art on business-economics, entrepreneurship and systematical knowledge field through sustainable research initiative.
3. Facilitating initiative on Indonesia's business development and agribusiness system activities through community service.

OBJECTIVE

1. To produce qualified human resources in master of agribusiness that has the ability to develop and upgrade the science and technology on managerial-economics business and entrepreneurship field with systematical knowledge to develop competitive and sustainable agribusiness system and business sector.
2. To build graduates ability on analyzing and synthesizing agribusiness science and technology to solve problems and to formulate competitive and sustainable agribusiness development policies based upon a scientific rule.
3. To initiate educational network cooperation development, research and utilization of agribusiness science and technology to develop agribusiness professional, indicated by the sharp problema analysis, fully covered review, and integrated problem solving.

COMPETENCE OF GRADUATES

Main Competencies

Having the ability to analyze and synthesize the science and science-based (knowledge-based decision) decision making skills for the development of sustainable tropical agribusiness.

Supporting Competencies

Having the ability to use quantitative and qualitative methods in supporting the achievement of core competencies.

Other Competencies

Having the scientific integrity in supporting the achievement of main competencies.

Program Pendidikan

MAGISTER SAINS AGRIBISNIS (MSA)

Struktur Organisasi

Magister Sains Agribisnis (MSA) di pimpin oleh Dewan Penasehat yang terdiri dari para profesor di Departemen Agribisnis, Ketua Departemen, dan dua Kepala Bagian yaitu Kepala Bagian Bisnis dan Kewirausahaan serta Kepala Bagian Kebijakan Agribisnis. Di bawah Dewan Penasehat terdapat Komite Eksekutif yang terdiri dari Direktur dan Sekretaris.

Kurikulum

A. Matrikulasi* : (6 sks)

Prinsip-Prinsip Ilmu Ekonomi dan Pengantar Agribisnis

B. Matakuliah Pascasarjana : (6 sks)

Bahasa Inggris untuk Penelitian **, dan Matematika - Statistik Ekonomi

C. Matakuliah Wajib Mayor : (26 sks)

Sistem dan Usaha Agribisnis, Metode Kuantitatif untuk Agribisnis, Kewirausahaan dan Inovasi, Ekonomi Manajerial, Makroekonomi untuk Bisnis, Metodologi Riset Bisnis, Kolokium, Seminar, Penelitian dan Tesis

D. Matakuliah Pilihan Mayor/Penunjang*** : (9 sks)

Struktur Industri Agribisnis, Negosiasi dan Advokasi Bisnis, Pemasaran dan Rantai Pasok Agribisnis, Pembiayaan Agribisnis, Strategi Korporat Agribisnis, Risiko Agribisnis, Kebijakan Agribisnis, Agribisnis Global, serta Kelembagaan, Hukum dan Etika bisnis

E. Matakuliah Wajib Khusus Bagi Mahasiswa Peserta Program International Agribusiness and Rural Development (Joint Degree IPB - University of Goettingen) Student****

- World Agricultural Markets and Trade****,
- Socio-Economics of Rural Development and Food Security****,
- Quantitative Research Methods in Rural Development Economics,
- Marketing Research,
- Econometrics****,
- Sustainable International Agriculture: Basic Principles and Approaches.

Note: * : Diperuntukkan bagi mahasiswa yang belum menguasai atau tidak mempunyai background mata kuliah Ilmu Ekonomi (Teori Mikroekonomi & Teori Makroekonomi) dan Agribisnis. Mahasiswa yang mengikuti dan lulus, mendapat sertifikat bilingual.
** : Tidak diwajibkan bagi mahasiswa yang dapat menunjukkan bukti lulus TOEFL internasional atau institusional dengan nilai minimal 500.
*** : Mata kuliah yang berkode AGB dapat diambil sebagai mata kuliah Minor atau mata kuliah Penunjang bagi mahasiswa dari luar Program Studi S2 Agribisnis dengan memperhatikan mata kuliah prasyarat.
**** : Paruh kedua dari program joint degree dilaksanakan pada semester 3 (tiga) dan 4 (empat) di University of Goettingen Germany.
***** : Matakuliah wajib di University of Goettingen Germany

Educational Program

MASTER OF SCIENCE AGRIBUSINESS PROGRAM (MSA)

Organizational Structure

Master of Science Agribusiness (MSA) is coordinated by Advisory Committee which consist of professors in Department of Agribusiness, Head of Department, and the two Head of Division which are the Head of Agribusiness Entrepreneurship Division and the Head of Agribusiness Policy Division. Below the advisory Committee there is Executive Committee which consist of Director and Secretary.

Curriculum

A. Matriculation* : (6 credit)

Principles of Economics, and Introduction to Agribusiness.

B. Mandatory : (6 credit)

English for Research **, and Mathematical Economics

C. Compulsory : (26 credit)

Agribusiness Firm and System, Quantitive Methods for Agribusiness, Entrepreneurship and Innovation, Managerial Economics, Macroeconomics for Business, Research Methods for Business, Colloquium, Seminar, Thesis

*** : Subjects with AGB codes can be taken as minor or supporting subjects by students from other study programs as long as justified by the requirements.
**** : Second half of double degree program will be held on 3rd and 4th semester in the University of Goettingen, Germany.
***** : Major courses in University of Goettingen Germany

Program Pendidikan

PROGRAM JOINT DEGREE PROGRAM MAGISTER SAINS AGRIBISNIS (MSA)

Program Magister Sains Agribisnis (MSA), Departemen Agribisnis, Fakultas Ekonomi dan Manajemen, IPB bekerjasama dengan beberapa universitas dalam dan luar negeri. Dalam rangka kerjasama dengan universitas luar negeri, pada tahun 2010 MSA menyelenggarakan Program Joint Degree dalam International Agribusiness and Rural Development bersama dengan George-August University, Goettingen, Jerman, dimana dalam program ini MSA telah mendaftarkan 8 (delapan) mahasiswanya untuk melaksanakan pendidikan S2 pada 2 (dua) universitas dengan periode kuliah pada masing-masing universitas sebanyak 2 (dua) semester.

Sebagai langkah tindak lanjut kerjasama dengan institusi luar negeri, MSA di dalam kerangka kerjasama dengan NICHE (The Netherlands Initiative for Capacity Development in Higher Education), memiliki jaringan kerjasama dengan Maastricht School of Management (MSM), Wageningen University and Research (WUR), keduanya dari Belanda, dan University of Kent, Inggris, serta University of Georg-August Goettingen, Jerman dengan tujuan membangun kerjasama penelitian untuk staf dan mahasiswa yang melaksanakan kuliah di universitas-universitas tersebut diatas.

Sebagai tambahan, selain kerjasama dengan institusi luar negeri, MSA juga melakukan kerjasama dengan institusi dalam negeri, dimana MSA memelopori pengembangan kerjasama kurikulum dengan universitas yang tergolong baru dalam bidang pendidikan agribisnis, seperti Universitas Trunojoyo Madura, STPK Banau Halmahera, dan Universitas Sultan Ageng Tirtayasa, Banten . Program ini berjalan didalam kerangka Capacity Development Program for Higher Education (The Netherlands Initiative for Capacity Development in Higher Education) dibawah dukungan NUFFIC Belanda.

Educational Program

JOINT DEGREE PROGRAM MASTER OF SCIENCE AGRIBUSINESS (MSA) PROGRAM

Masters of Science Agribusiness Program (MSA), Department of Agribusiness, Faculty of Economics and Management, IPB cooperates with universities at home and abroad. In the cooperation with foreign countries, MSA held a Joint Degree Program on International Agribusiness and Rural Development with the George-August University, Goettingen Germany, In 2010, in which the MSA have included 8 (eight) students to pursue S2 education at two universities with the period of study at each university during the 2 (two) semesters.

As a follow-up effort of cooperation with foreign institutions, MSA within the framework of Niche (The Netherlands Initiative for Capacity Development in Higher Education), has networking with the Maastricht School of Management (MSM), Wageningen University and Research (WUR), both from the Netherlands, University of Kent, United Kingdom, and University of Georg-August Goettingen, Germany to develop a research collaboration for staff and students who carry out studies at universities or colleges mentioned above.

In addition to cooperation with overseas institutions, the MSA also organizes cooperation with institutions in the country, where the MSA initiated the development of cooperation curriculum with a relatively new university in agribusiness education, i.e. University Trunojoyo Madura, Banau Agriculture and Entrepreneurship College Halmahera, and University of the Sultan Ageng Tirtayasa, Banten . The program is run within the framework of Capacity Development Program for Higher Education (The Netherlands Initiative for Capacity Development in Higher Education) under the support of NUFFIC Netherlands.

Kegiatan Mahasiswa

Kegiatan mahasiswa pada tingkat departemen dikoordinasikan oleh Komisi Kemahasiswaan Departemen Agribisnis, sedangkan pada tingkat mahasiswa dikoordinasikan oleh HIPMA (Himpunan Profesi Mahasiswa Peminat Agribisnis)

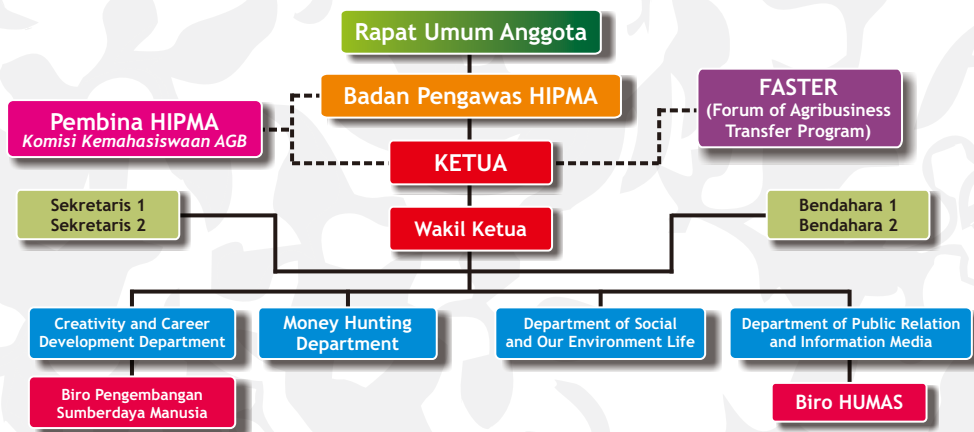

Pengelompokan Kegiatan Kemahasiswaan IPB

1. Kegiatan Peningkatan Kualitas Wawasan Keilmuan
2. Penyelenggaraan Beasiswa
3. Pembinaan Keorganisasian
4. Peningkatan Kualitas Minat dan Bakat Mahasiswa
5. Kegiatan Hubungan Alumni

Himpunan Profesi Mahasiswa Peminat Agribisnis (HIPMA)

Himpunan Profesi Mahasiswa Peminat Agribisnis (Hipma) berdiri pada 16 Desember 2007 yang sebelumnya merupakan hasil pengkonsentrasian Himpunan Profesi Sosial Ekonomi yang bernama Himpunan Peminat Ilmu-Ilmu Sosial Ekonomi Pertanian (MISETA). Himpunan Profesi Mahasiswa Peminat Agribisnis (HIPMA) berkonsentrasi kepada ilmu-ilmu agribisnis yang berdasarkan kepada kewirausahaan pertanian secara luas, manajerial dibidang pertanian, dan kajian kebijakan pembangunan agribisnis.

HIPMA sebagai himpunan profesi mahasiswa pada Program Sarjana Reguler Agribisnis juga menaungi FASTER (Forum of Agribusiness Transfer Program Student) sebagai wadah kegiatan mahasiswa pada Program Sarjana Alih Jenis Agribisnis

Organigram Himpunan Profesi Mahasiswa Peminat Agribisnis (HIPMA)

Student Activities

Students activities at department level are coordinated by the Commission on Student Affairs – Department of Agribusiness, while at the students' level are coordinated by HIPMA (Himpunan Profesi Mahasiswa Peminat Agribisnis / Agribusiness Professional Students Association).

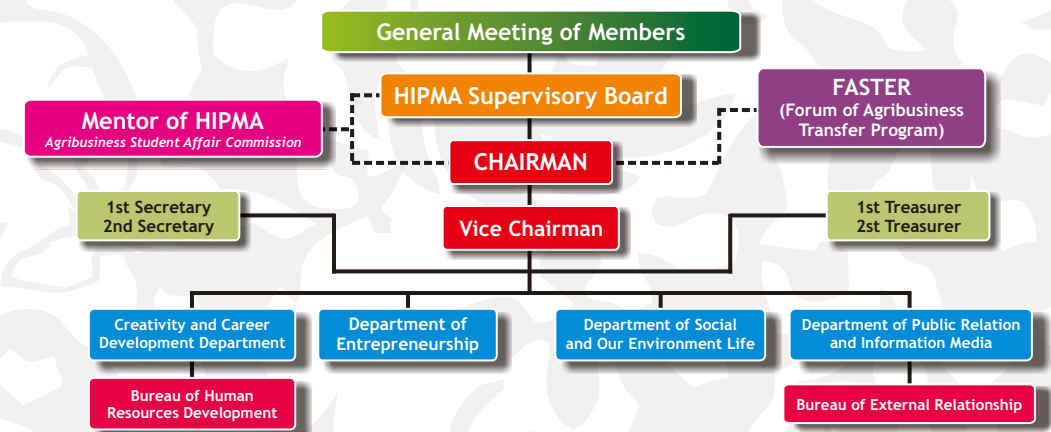

IPB Students Activities Category

1. Scientific Knowledge's Quality Improvement Activity
2. Scholarship Program
3. Organizational Guidance
4. Quality Improvement on Students' Talent and Interest
5. Alumni Relationship Activity

Agribusiness Professional Students Association (HIPMA)

Agribusiness Professional Students Association (HIPMA) was established on December 16th, 2007 which was the concentration result of the Professional Association of Social Economy (Himpunan Profesi Sosial Ekonomi) named Agricultural Socio-Economics Sciences Association (Himpunan Peminat Ilmu-Ilmu Sosial Ekonomi Pertanian/MISETA). HIPMA concentrates on the sciences of agribusiness which are based on agricultural entrepreneurship broadly, managerial on agriculture and policy studies on agribusiness development.

HIPMA as the student association in the Regular Agribusiness Undergraduate Program also supervised FASTER (Forum of Agribusiness Transfer Program Student) as an organization for Agribusiness Transfer Program students.

Organigram of Agribusiness Professional Students Association (HIPMA)

Kegiatan Mahasiswa

Prestasi Mahasiswa Departemen Agribisnis, FEM - IPB

Prestasi Mahasiswa Tingkat Nasional

1. Juara 1 Tingkat Nasional (DIKTI), Presentasi Pemikiran Kritis Mahasiswa Bidang Ekonomi
2. Finalis, Juara 1 Tingkat Nasional (DIKTI), Presentasi Pemikiran Kritis Mahasiswa Bidang Kesra
3. Juara 2 Tingkat IPB, Lomba Karya Tulis Mahasiswa Bidang Pendidikan
4. Finalis Tingkat Nasional (DIKTI), Lomba Karya Tulis Mahasiswa Bidang Seni
5. Juara 1 Tingkat IPB, Lomba Karya Tulis Mahasiswa Bidang IPS
6. Finalis Tingkat Nasional (Harian Umum Bisnis Indonesia), Young Entrepreneurship Award
7. Juara 3 Tingkat Provinsi (DIKTI Wilayah B), Lomba Karya Tulis Mahasiswa Bidang IPS
8. Medali Emas Tingkat Nasional (DIKTI), Presentasi Pemikiran Kritis Mahasiswa Bidang Penelitian

15. Finalis Tingkat Internasional, Duta Muda ASEAN
16. Pemakalah Tingkat Inter nasional, AFBE-PERHEPI International Conference
17. Finalis Tingkat Internasional, Sustain Poster Kyoto 2011
18. Peserta Student Exchange, Hokaido Univeristy Short Term Exchange, Jepang.
19. Pemakalah Tingkat Internasional pada The Third Annual Indonesian Scholars Conference di Taiwan
20. Presenter Terbaik ke-3 pada The 3rd Internasional Conference on "Sustainable Future for Human Security
21. Studi Banding dan Fieldtrip ke Thailand
22. Studi Banding dan Fieldtrip ke Malaysia
23. Studi Banding dan Fieldtrip ke Vietnam

Student Activities

Scientific Students' Achievement at the International Level

1. Fitri Nurdianyani, International Academic Exchange Symposium, 2006, Ibaraki, Japan
2. Putry Kinanti, Tokyo Student Summit, 2007, Tokyo, Japan
3. Annisa, International Academic Exchange Symposium, 2007, Ibaraki, Japan
4. Ramiaji, Finalist ASEAN Young Ambassador, 2007, China
5. Rd. Irsan Nurghazali, Nadia Larasati Utami, Nugraha Arief, Putry Kinanti, Student Echange to Thailand, February 2008, Thailand.
6. Rachmat Oting, Ratna Mega Sari and Izzah Rohmawati Nofitasari as participant of Indonesia-English Language Study Program (IELSP) US Department of State, 2008, 2009 and 2011, Indonesia's International 1st Educational Foundation
7. Ratna Sogian Siwang, Student Exchange to Thailand, February 2008, Thailand
8. Hatta M. Kusuma, Speakers on 3th ASEAN Economics and Business Student Summit, 2010, Jakarta
9. Faisal Navis, Speakers on Gristuf (Griefwald International Student Festival), German, 2010
10. Randy Hazemi, Student Exchange to Japan. 2010-2011
11. Andina Dyah, Nurul Adilla as Speakers on ADIC Conference, Malaysia
12. Muhamad Hakim Haekal as Speakers on International Conference on Economics, Business, and Marketing Management, Singapore
13. Hanna Mila H. as presenter on INAFOR Research Result Presentation. 2011
14. Agatha Kinanthi as IPB delegation on JENESYS (Japan East Asia Network of Exchange for Student & Youths) Program, Tokyo dan Chiba. 2012
15. International Finalist, ASEAN Young Ambassador
16. International Speakers, AFBE-PERHEPI International Conference
17. International Finalist, Sustain Poster Kyoto 2011, Japan
18. Student Exchange Participant, Hokaido Univeristy Short Term Exchange, Japan.
19. International Speakers, on The Third Annual Indonesian Scholars Conference in Taiwan
20. 3rd Best Presenter on The 3rd Internasional Conference on "Sustainable Future for Human Security
21. Comparative Study and Fieldtrip to Thailand
22. Comparative Study and Fieldtrip to Malaysia
23. Comparative Study and Fieldtrip to Vietnam

Kegiatan Penelitian dan Pengabdian

Kegiatan penelitian dilakukan secara individu (jasa konsultasi), dalam kelompok kecil (di lingkup laboratorium) maupun melalui kerjasama dalam kelompok besar (lintas laboratorium dan/atau bekerja sama dengan institusi lain).

Sesuai dengan visi dan misi serta mandat yang diemban Departemen Agribisnis, topik penelitian yang dilakukan yang menjadi kompetensi Departemen Agribisnis, yaitu :

- | | |
|---|---|
| 1. Kebijakan harga pupuk dan dampaknya ke petani | 9. Analisis kelembagaan agribisnis |
| 2. Kebijakan irigasi | 10. Analisis usahatani |
| 3. Kebijakan benih | 11. Analisis kelayakan bisnis |
| 4. Kebijakan Corporate Farming | 12. Analisis tataniaga |
| 5. Kebijakan harga produksi primer (termasuk tani/ekspor,dan perpajakan) | 13. Analisis perilaku konsumen |
| 6. Kebijakan yang terkait industri pengolahan produk primer (Kawasan berikat, agropolitan, PIR) | 14. Analisis kewirausahaan |
| 7. Kebijakan yang terkait dengan pemasaran produk primer (packaging, advertising, cost of distribution) | 15. Analisis risiko bisnis |
| 8. Agribisnis Pangan dan Non-Pangan | 16. Pembiayaan Agribisnis |
| | 17. Kebijakan peningkatan SDM : petani, UMKM, BUMN Agro |

Kualitas kegiatan penelitian dosen Agribisnis cukup baik karena penelitian tersebut diperoleh melalui program :

- | | |
|---|-----------------------------------|
| 1. Hibah Kompetitif | 15. APBN |
| 2. Hibah Kompetensi | 16. ADB |
| 3. KKP3T Kementerian Pertanian RI | 17. KTNA, Kaltim |
| 4. Konsorsium penelitian kerjasama dengan PSEKP Badan Litbang | 18. Kementerian Pertanian RI |
| 5. Kementerian Kelautan dan Perikanan RI | 19. Kementerian Dalam Negeri RI |
| 6. Universitas Terbuka | 20. FAO Korea Association |
| 7. Kementerian Riset dan Teknologi RI Republic of Indonesia | 21. FAO Bangkok |
| 8. Litbang Deptan RI | 22. PERHEPI |
| 9. Bank Rakyat Indonesia | 23. Bappenas |
| 10. Bappeda Jawa Barat | 24. UNDP |
| 11. Kementerian Koordinator Bidang Perekonomian RI | 25. World Bank |
| 12. Pemerintah Jepang | 26. USAID |
| 13. Kementerian Negara Koperasi dan UKM RI | 27. Chevron, and other companies. |
| 14. JICA | |

Research and Community Services

Research activities are carried out individually (consulting services), in small groups (in the scope of laboratory) as well as through cooperation in large groups (cross-laboratory and/or collaborate with another institutions).

In accordance with the vision, mission and mandate carried by the Department of Agribusiness, conducted research topics become the competence at Department of Agribusiness, namely :

- | | |
|--|--|
| 1. Policy on fertilizers price and the effect to famers | 9. Agribusiness institution analysis |
| 2. Irrigation policy | 10. Farm management analysis |
| 3. Seeds policy | 11. Business feasibility analysis |
| 4. Corporate farming policy | 12. Marketing analysis |
| 5. Policy on primary product prices (including farmers/export, and taxation) | 13. Consumer behavior analysis |
| 6. Policy related to processing industry (Bonded area, agropolitan, PIR) | 14. Entrepreneurship analysis |
| 7. Policy related to primary products marketing (packaging, advertising, cost of distribution) | 15. Business risk analysis |
| 8. Food and Non-Food Agribusiness | 16. Agribusiness finance |
| | 17. Policy on increasing of human resources development : Farmers, UMKM, BUMN Agro |

The quality of Agribusiness lecturers research activities are good enough because the study is obtained through the following programs and cooperation with :

- | | |
|--|--|
| 1. Competitive grants | 12. Government of Japan |
| 2. Competition grants | 13. State Ministry of Cooperatives and Small and Medium Enterprises, Republic of Indonesia |
| 3. KKP3T – Ministry of Agriculture, Republic of Indonesia | 14. JICA |
| 4. Research Consortium with Research and Development Agency of PSEKP | 15. APBN |
| 5. Ministry of Maritime Affairs and Fisheries, Republic of Indonesia | 16. ADB |
| 6. Open University (Universitas Terbuka) | 17. KTNA, East Kalimantan |
| 7. Ministry of Research and Technology, Republic of Indonesia | 18. Ministry of Agriculture, Republic of Indonesia |
| 8. Research and Development Agency of Ministry of Agriculture, Republic of Indonesia | 19. Department of Home Affairs, Republic of Indonesia |
| 9. Bank Rakyat Indonesia | 20. FAO Korea Association |
| 10. Bappeda of West Java | 21. FAO Bangkok |
| 11. Ministry of Economy Coordinator, Republic of Indonesia | 22. PERHEPI |
| | 23. Bappenas |
| | 24. UNDP |
| | 25. World Bank |
| | 26. USAID |
| | 27. Chevron, and other companies. |

Kegiatan Penelitian dan Pengabdian

Pelayanan/Pengabdian kepada Masyarakat adalah penerapan bidang ilmu untuk menyelesaikan masalah di masyarakat (termasuk masyarakat industri, pemerintah, dsb.). Dosen bersama-sama dengan mahasiswa Departemen Agribisnis telah melaksanakan berbagai kegiatan yang terkait dengan pengabdian pada masyarakat baik mandiri maupun melalui kerjasama dengan instansi lain.

Bentuk kegiatan pengabdian yang sudah dilakukan diantaranya :

1. Model Pengembangan Desa Multi Aktivitas Agribisnis-AgroIndustri
2. Program Pengembangan Kewirausahaan Mahasiswa (PPKM)
3. Pemberian kuliah pembekalan
4. Penyuluhan di lapang
5. Pelatihan pada masyarakat saat Gladikarya
6. Berbagai kegiatan pelatihan
7. Peran aktif dalam kelompok kerja nasional
8. Pemberdayaan petani sekitar lingkaran kampus
9. Peningkatan pengetahuan siswa SMU melalui pengembangan softskill kewirausahaan.

Kegiatan pengabdian lainnya yaitu dalam bentuk pembimbingan magang profesi dosen dari perguruan tinggi lain seperti :

- | | |
|---|--|
| 1. Universitas Trunojoyo, Madura | 11. Universitas Andalas, Padang |
| 2. Universitas Papua, Papua | 12. Universitas Nusa Cendana, Kupang |
| 3. UNIMAL-Lhoksuemawe, NAD | 13. Universitas Tanjungpura, Pontianak |
| 4. Universitas Bangka Belitung | 14. Universitas Syiah Kuala, Banda Aceh |
| 5. Universitas Haluoleo, Kendari. | 15. Universitas Sriwijaya, Sumatera Selatan |
| 6. Universitas Jenderal Soedirman, Purwokerto | 16. Politeknik Terpikat, Sambas |
| 7. Universitas Sam Ratulangi, Manado | 17. Universitas Jember, Jember |
| 8. Universitas Teuku Umar, Meulaboh NAD | 18. STPK Banau, Halmahera Barat |
| 9. Universitas Borneo, Tarakan | 19. Universitas Sultan Ageng Tirtayasa, Banten |
| 10. Universitas Tadulako, Palu | 20. Universitas Musamus, Merauke |

Research and Community Services

Service /Dedication to Public Society is the application of science to solve problems in the public society (including industrial society, government, etc.). Lecturer with the Department of Agribusiness students have implemented various activities related to community service either independently or through collaboration with another institutions.

Form of service activities that have been conducted including :

1. Village Development Model of Multi Activity Agribusiness-Agro Industry
2. Students Entrepreneurship Development Program (PPKM)
3. Providing debriefing lectures
4. Counseling in the public forum
5. Training for public society when Internship
6. Various training activities
7. Active role in the national working group
8. Farmers empowerment surrounding the campus area
9. Improving the high school students' knowledge through the development of entrepreneurship soft skills.

Another service activities are in the form of lecturers profession guiding apprenticeship from other universities, including :

- | | |
|--|---|
| 1. Trunojoyo University, Madura | 11. Andalas University, Padang |
| 2. Papua University, Papua | 12. University of Nusa Cendana, Kupang |
| 3. UNIMAL-Lhoksuemawe, NAD | 13. Tanjungpura University, Pontianak |
| 4. Bangka Belitung University | 14. Syiah Kuala University, Banda Aceh |
| 5. Haluoleo University, Kendari. | 15. Sriwijaya University, South Sumatera |
| 6. Jenderal Soedirman University, Purwokerto | 16. Terpikat Polytechnic, Sambas |
| 7. Sam Ratulangi University, Manado | 17. Jember University, Jember |
| 8. Teuku Umar University, Meulaboh NAD | 18. STPK Banau, West Halmahera |
| 9. Borneo University, Tarakan | 19. Sultan Ageng Tirtayasa University, Banten |
| 10. Tadulako University, Palu | 20. Musamus University, Merauke |

Daftar Kerjasama

Kerjasama International

1. PTC +++
Program : Pelatihan Florikultura Kepada Petani Kecil (lokasi di Indonesia dan Belanda)
2. AFBE (Asian Forum for Business Education)
3. Japan Indonesia Presidential Scholarship Program (JIPSP) untuk Mahasiswa S3
Kerjasama antara Jepang, Bank Dunia, dan Departemen Agribisnis, FEM-IPB sebagai Pusat Unggulan dalam Bidang Bio-Industri and Bio-Bisnis.
4. Multiyears Agreement (2007-2010)
Kerjasama antara Departemen Agribisnis-IPB dan Netherlands Universities Foundation for International Cooperation (NUFFIC), Maastricht School of Management - Belanda, Wageningen University - Belanda dan Kassel University - Jerman.
Program :
Program S3, Tailor-Made Training dan Short Course Program di Belanda
Follow up Training Program di Indonesia
5. Netherlands Initiative for Capacity Development in Higher Education (NICHE) Project
Kerjasama antara Departemen Agribisnis-IPB and Netherlands Universities Foundation for International Cooperation (NUFFIC)
Tujuan : Strengthening Indonesian education and training capacity in Agribusiness
Anggota Konsorsium Kerjasama :
 - Maastricht School of Management (MSM), Belanda - University of Kent, Inggris
 - Wageningen University and Research (WUR), Belanda - University of Georg-August-Goetingen, Jerman**Program :**
 - Organizational capacities - Mentoring capacities
 - Educational capacities - Gender mainstreaming
 - Research capacities
6. Tilburg University, The Netherlands
7. Tokyo University of Agriculture, Japan
8. Universitas Putra Malaya, Malaysia
9. Universitas Maharakham, Thailand
10. Yayasan Omar Taraki Niode

Collaboration List

International Collaboration List

1. PTC +++
Program : Floricultural Training for Small Scale Farmers (located in Indonesia and The Netherlands)
2. AFBE (Asian Forum for Business Education)

Jurnal Agribisnis Indonesia dan Forum Agribisnis

Jurnal Agribisnis Indonesia

Jurnal Agribisnis Indonesia adalah jurnal ilmiah berkala bidang agribisnis di Indonesia. Jurnal ini merupakan media penyebarluasan informasi hasil pemikiran dan penelitian dari dosen, peneliti, dan praktisi yang berminat untuk kemajuan agribisnis.

Lingkup artikel dalam jurnal ini memfokuskan pada kajian agribisnis dari pendekatan makro meliputi aspek sosial ekonomi pertanian sebagai suatu sistem yang komprehensif dan terintegrasi mulai dari kajian subsistem up-stream, subsistem on-farm, subsistem down-stream, dan subsistem penunjang serta dampak interelasinya dengan kebijakan pemerintah, perekonomian internasional dan kapitalisasi sumberdaya lahan, petani, dan masyarakat. Adapun dari pendekatan mikro meliputi kajian persoalan-persoalan dalam pengembangan usaha di bidang agribisnis (finansial, kebijakan usaha, dan aspek teknis fungsional).

Diharapkan jurnal ini dapat membantu para praktisi agribisnis, pengambil kebijakan, dosen, mahasiswa, dan pihak lainnya untuk lebih memahami situasi dan kondisi agribisnis Indonesia, dan dapat mengambil manfaat bagi pengembangan agribisnis Indonesia khususnya dan umumnya untuk peningkatan kesejahteraan masyarakat Indonesia.

Jurnal ini diterbitkan dua kali dalam setahun oleh Departemen Agribisnis (Edisi Juni dan Desember), Fakultas Ekonomi dan Manajemen, Institut Pertanian Bogor.

Forum Agribisnis

FORUM AGRIBISNIS (FA) merupakan forum komunikasi antara peneliti agribisnis, ekonomi pertanian, penentu kebijakan dan praktisi dalam bidang agribisnis dan bidang lainnya yang terkait. FA diterbitkan oleh Program Studi Magister Sains Agribisnis, Departemen Agribisnis, FEM IPB setiap semester pada bulan Maret dan September. Naskah dapat berupa review topik tertentu dan hasil penelitian. Penulis naskah dapat dari kalangan akademik, penentu kebijakan, praktisi, mahasiswa dan kalangan yang tertarik pada penelitian agribisnis.

Journal of Indonesian Agribusiness and Agribusiness Forum

Journal of Indonesian Agribusiness

Journal of Indonesian Agribusiness is a periodical scientific journal of agribusiness in Indonesia. This journal is a medium of information dissemination of research results and ideas from faculty, researchers, and practitioners interested in the progress of agribusiness.

The scope of the articles in this journal focuses on the study of agribusiness on the macro approach including socio-economic aspects of agriculture as a system of comprehensive and integrated subsystems from up-stream studies, on-farm subsystem, down stream subsystem, and supporting subsystems and their interrelation with the impact of government policy, the international economy and the capitalization of land resources, farmers, and communities. The micro approach involves the study of enterprise development in agribusiness (financial, business policy, technical and functional aspects).

This journal is expected to assist the agribusiness practitioners, policy makers, professors, students, and other parties to understand more on the situation and conditions of Indonesian agribusiness, and be able to take the benefits for the development of Indonesian agribusiness in particular and generally to increase the welfare of the Indonesia people.

The journal is published twice a year (June and December Edition) by the Department of Agribusiness, Faculty of Economics and Management, Bogor Agricultural University.

Agribusiness Forum

Agribusiness Forum (Forum Agribisnis/FA) is a forum of communication between agribusiness researcher, agricultural economics, policy makers and practitioners in the field of agribusiness and other related fields. FA issued by the Master of Science Agribusiness, Department of Agribusiness, FEM - IPB is planned to be published in March and September. The manuscript can be a research results or reviews of specific topics. The author can be academicians, policy makers, practitioners, graduate students and those who are interested in agribusiness research.
